DELIVERY – WASTE BIN

LINKS

Follow the links below to access all finished products for project Waste Bin:

Spin Large Plastic Bin:

https://mbanaxi.sirv.com/Spins/EuroGroup/Plastic_1_green_closed/Plastic_1_green.spin

Spin Metal Bin: https://mbanaxi.sirv.com/Spins/EuroGroup/metal_bin_1/metal_bin_1.spin

HOW TO EMBED ON YOUR SITE:

Insert a spin on your page using a div:

```
<div class="Sirv" data-src="URL TO CHOSEN BIN ABOVE"></div>
```

Insert the Sirv script before the </head> of your web page (or elsewhere on your page):

```
<script src="https://scripts.sirv.com/sirv.js"></script>
```

Fallback method (iframe)

Insert the spin via an iframe:

```
<iframe src=" URL TO CHOSEN BIN ABOVE " width="100%" height="100%" frameborder="0" allowfullscreen></iframe>
```

NOTE: iframes have technical limitations: drag is prematurely released and full-screen isn't supported by all browsers. Only use iframes as a last resort.
