Keybox

Black

Smart keybox with touch panel. Unlock with code or key tag. Make managing keys a lot more secure. Suitable for most keys. Perfect for making your home, cottage and other properties more accessible. The touch panel lights up for easy visibility. Built-in RFID reader for key tags. Equipped with a USB-C plug for external battery backup if needed. App control of the lock using an existing compatible smart home system, requires our **Connect Module** (sold separately). App control using the **nimly connect** application requires both our **Connect Module** and **Connect Gateway** (sold separately).

Driven by 4x AA batteries
